Canisius College  
2001 Main Street  
Buffalo, Ny 14208

Dear Mark,

I have formally requested that the Conference of Computer Center Directors be recognized by the Association of Jesuit Colleges and Universities. Fr. McInnes has provided instructions and sample constitutions for us to review. I have taken the liberty to build a constitution with by-laws for the Computer Center Directors Conference. Please review and make changes and adjustments as you feel necessary. We will formalize our constitution during the fall meeting at Loyola University of Chicago. As planning gets further along for the fall conference, materials and registration information will be sent out to each of you. Please identify any others who might be interested in belonging to the conference from your institution. I look forward to seeing each of you at Loyola University.

Sincerely,

Dr. Michael R. Zastrocky  
Director, Information Services
