

John Carroll University MICRO-LABS

John Carroll Univ. Dept. of Computer Services

At the present time there are five Micro-Computer labs on the John Carroll Campus. These computer labs are public facilities open to all students, faculty, and staff members. All of the computers available for use are IBM-PC compatible computers. These facilities and their locations are:

SCHOOL OF BUSINESS

A forty-eight station laboratory located in BR-235 of the School of Business. This lab is networked using a Novell Local Area Network (LAN) with file-server, shared dot-matrix printers, and two stand alone laser printer systems.

BOHANNON SCIENCE CENTER

A twenty-five station lab is located on the ground floor of the Science Building in room SC58. This lab is also Novel Networked and equipped with shared dot-matrix printers and a stand alone laser printer system.

RECPLEX

An eight station lab is located in room B27 of the Recplex. This lab has dot-matrix printers.

EAST HALL

An eight station networked lab is available 24 hours a day in the forth floor lounge of East Hall. This lab dot-matrix printers.

CAMPION HALL

An eight station networked lab is available 24 hours a day on the ground floor of Campion Hall. This lab has dot matrix printers.

Software applications available in one or all of these labs are:

- a. Word-Processing Programs:
 - WordPerfect 5.1
 - Professional Write 2.2
 - Nota Bene
- b. Spreadsheet Programs:
 - Quattro Pro w/ Lotus 1-2-3 Menus
 - Quattro Pro
- c. Data Base Programs:
 - dBase III+
- d. VAX access is available from all of the networked labs. This allows users to employ the campus VAX facility order to check the student information system, search library catalogs, or use Internet connections.
- e. There is also an assortment of specialty programs available for student use when instructors make specific assignments.

LASER PRINTING

Students have available to them the option of printing their work on laser printers. These printers operate on the Vend-a-Card system and cost approximately 10 cents per page. More information on using the laser printers is available in those Micro-Labs offering laser printing stations.
